

INITIAL ADVISING APPOINTMENT AGENDA

Attendees: You and Advisor

Location: Find a quiet space for just the two of us to talk via Zoom

Length: 45-60 minutes

1. Welcome and introductions

(5-10 minutes)

- Learn a little about your advisor and insect biology.
- Share about who you are (interest, hobbies, high school, experiences), why you chose Purdue, and your personal goals.

2. Review your completed Student Information Form (SIF)

(5-10 minutes)

- We will also discuss other special considerations we need to keep in mind for your time at Purdue, such as AP credits, transfer credits, math placement, extra-curricular commitments (band, athletics, ROTC, employment, etc.) or any concerns you may have.

3. Talk about potential minors and courses for the upcoming semester based on your interest and goals.

(10-15 minutes)

4. Submit your Pre-Registration Course Request Form (CRF)

(5 minutes)

- Although you will enter your course request form during your appointment, you will not actually receive your Fall course schedule until a later date, which your advisor will discuss with you during your meeting.

5. Discuss any questions you (or your family) may have

(10 minutes)

- To make the most of this time, make sure you have your list of questions prepared. Family members are welcome to join our the last 10 minutes to ask their questions.

6. Briefly review timeline of key Purdue dates and deadlines

(5 minutes)
